Newsletter N° [3] – [May 2020]

IoT Nuggets is a two-year project, co-found with the support of the European Union by the Erasmus plus Programme.

IoT Nuggets aims at developing a new methodology and framework of digital competences in the specific field of Cybersecurity within the Internet of Things (IoT) ecosystem.

#digital #cybersecurity #learning nuggets #hackers #VET trainers

The **IoT Nuggets** project involves Bulgaria, Greece, Italy and Spain.

The cooperation between these partners favours a transnational approach to the subject, and a running dialogue around an innovative learning method for cybersecurity specialists.

PARTNERS

ULSIT
University of Library Studies and Information Technologies (Bulgaria)

KISMC
Knowledge, Innovation and Strategies Management Club (Bulgaria)

IDEC
Training and management consulting company (Greece)

UDEUSTO
University of Deusto (Spain)

Dlearn
European Digital Learning Network (Italy)

GAIA
Association of the industries of the information an technology sectors (Spain)

Because of the restricted mobility measures that are challenges the world to prevent the dissemination of COVID-19, IoTNuggets partners met online on the 2nd April 2020 to discuss about the project development. In particular, the partners had taken important decisions about the learning nuggets (learning opportunities) for cyber security experts and dissemination activities for the upcoming months.
