Erasmus+ project

IOT Nuggets: 2018-1-BG01-KA202-047919

Newsletter N° [1] – [June 2019]

IoT Nuggets is a two-year project, co-found with the support of the European Union by the Erasmus plus Programme.

IoT Nuggets aims at developing a new methodology and framework of digital competences in the specific field of Cybersecurity within the Internet of Things (IoT) ecosystem.

#digital #cybersecurity #learning nuggets #hackers #VET trainers

The **IoT Nuggets** project involves Bulgaria, Greece, Italy and Spain.

The cooperation between these partners favours a transnational approach to the subject, and a running dialogue around an innovative learning method for cybersecurity specialists.

PARTNERS

ULSIT
University of Library Studies and Information Technologies (Bulgaria)

KISMC
Knowledge, Innovation and Strategies Management Club (Bulgaria)

IDEC
Training and management consulting company (Greece)

UDEUSTO
University of Deusto (Spain)

Dlearn
European Digital Learning Network (Italy)

GAIA
Association of the industries of the information an technology sectors (Spain)

Erasmus+ project

IOT Nuggets: 2018-1-BG01-KA202-047919

Learning Nuggets: an innovative learning tool in the use of ICT and the development of digital competences.

IoT Nuggets targets VET providers and trainers in the ICT field, as well as software engineers, programmers willing to specialize in cyber security of the ecosystem of IoT, policymakers, business and IT organisations, associations. The aim of the project is preparing specialists in data and security protection using the innovative approach of 'learning nuggets', small chunks of information and content for fast, agile, on-demand learning.

IoT nuggets will produce five intellectual results:

1. Competence framework;
2. Methodology and Syllabus for cyber security;
3. VET trainer's toolkit;
4. Learning nuggets;
5. Toolkit for Internet of Things entrepreneurs

Second meeting
@ Deusto University in Bilbao (Spain) and
@ GAIA in San Sebastian (Spain)

During the 2nd project meeting in Spain, the partners discussed the curriculum for cybersecurity specialists, its relative matrix of skills and levels and decided the number and structure of 'nuggets' for training the specialists. The upcoming trainings in Greece were also part of the agenda.
The meeting was held on the 1st and 2nd of April 2019 at the University of Deusto, and the day after at GAIA's office, in Spain.

Save the date

Next project meeting will be held in Greece on 11 October 2019!
While, join our project event in Athens on the 10/10/2019!
